GRAVICOM LLC
CORE CAPABILITIES

GRAVICOM LLC.
INTELLIGENT PRODUCTS.
INTELLIGENT COMPANY.

GRAVICOM is company focused on Cyber Security, Compliance, Cyber-Enhanced Systems Engineering, System Accreditation (Risk Management Framework), and Software Support Activity (SSA) operations. We serve as trusted senior advisors, policy experts, and technical experts to our customers. We help customers navigate complex requirements with agility and forethought to execute with excellence.

We take ownership of customer problems, offer perspectives, and bring solutions.

GRAVICOM has technical leaders who get things done! Our CEO Jamie Bass is a CISSP-ISSEP, teaches as an adjunct Purdue professor at the NSWC Crane Westgate Academy, and has 4 Navy patents (one pending). Mr. Bass oversees all technical projects, and meets regularly with customers to keep program goals on track and offer innovative solutions. GRAVICOM CIO Shamar Bass is a seasoned cyber security and technical expert; and has served for and worked in the U.S. Navy for over 24 years. He has a master's degree in Cloud Computing Architecture and is a Navy Qualified Validator.

GRAVICOM has an exceptional track record of performance with customers such as PEO-EIS, NIWC (SPAWAR), PMW-240, PMW 250, NAVSEA, IWS 2.0, NSWC Crane, and USMC SEAL CYB.
